

UT33D+ Palm Size Multimeter

The new generation UT33+ series redefines the performance standards for entry-level digital multimeters. Our innovative industrial design ensures that these products can withstand 2 meters drop. The new LCD display layout provides a better user experience. This series ensures that users can work safely in CAT II 600V environment. Special features are, 2mF capacitance test (UT33A+); battery test (UT33B+); temperature measurement function (UT33C+); non-contact voltage (NCV) test (UT33D+).

Features:

1. Clear LCD display
2. Comfortable protective cover, with test lead hanging groove
3. 2 meters drop test, precision protection
4. Loud buzzer sound; Ergonomic design
